

No home is complete without Nightscaping®. Take advantage of this opportunity to see the beauty you've been missing in your landscape. This is your chance to simultaneously enhance the safety, security, value and visual appeal of your home with warranty protected, professionally engineered, premium quality landscape lighting.

Nightscaping® outdoor lighting is a professional home improvement. As such, Nightscaping® brand equipment is available only through a network of qualified lighting professionals. These designers and installers provide the creative and technical skills needed for you to discover the hidden beauty present in your landscape and capitalize on the complete potential of your home.

The independent Nightscaping® contractor who provided this brochure will be glad to show you the quality of our professional line of warranty protected fixtures and finishes, discuss your outdoor lighting expectations, and answer any additional questions you may have.

Your Nightscaping® Provider Is:

Nightscaping® is the original 12-volt outdoor lighting manufacturer. We pioneered the technology and have been proudly manufacturing, safe operating, energy-efficient, professional landscape lighting systems and solutions in Redlands, California, U.S.A. since 1959.

Nightscaping® The Safe System

Nightscaping® The Safe System

*Discover the Hidden
Beauty of Your
Home*

Regardless of the season or setting there is always hidden beauty waiting to be discovered in the landscape. The evening hours alone present you with countless opportunities to uncover the visually stunning secrets harbored by your very own home and property.

Nightscaping® brand outdoor lighting will allow you to...

- Increase the safety, security and value of your property.*
- Considerably boost the evening beauty and visual appeal of your landscape.*
- Continue outdoor activities like dining or entertaining long after night falls.*
- Realize the ultimate potential of your home and personal living space.*

Customize the evening appearance of your home to reflect your individual taste and style. By using the uplighting techniques shown, you can direct attention toward your favorite landscape features.

Nightscaping® will extend the usable hours of your property. This means you can sit back, relax and enjoy the outdoor areas of your home whenever you wish, day or night.

Nightscaping® equipment is designed to blend seamlessly with the surrounding environment. This allows you to add function and romance to all of your evenings with a lighting system engineered to compliment, but not compete with your landscape.

Ensure safe foot travel throughout your landscape and protect your home from the threat of would be prowlers with Nightscaping®. Our lighting systems will ease your liability concerns and create a safer home environment for your family and friends to enjoy.
