Your Nightscaping® Registered Contractor is:

NightLiters

Professional Landscape Lighting Systems

Design • Sales • Installation • Service
(270) 685-7070

4515 Indian Creek Loop Owensboro, Kentucky

Why light?

Landscape lighting offers incredible expansion of enjoyment to your home or business. It makes outdoor spaces usable at night and adds a magical view to your landscape from interior spaces. To produce an effective lighting system requires skill and thorough planning. NiteLiters, Inc. delivers you both and much more:

Professional Planning • Custom Design
Quality Construction • Personal Attention

We'll spend the consultation time discussing your lighting goals: detailing warranties, aesthetics, safety and security concerns. We'll work to maximize your new lighting system for optimal enjoyment and reliability. NiteLiters, Inc. will be there to help you with questions you may have at anytime before, during or after installation.
